Doing Our Best

To Give You A

Bright Smile!

1. Visit the Dentist with Marty

Come along with Marty as he visits the dentist for the first time. This interactive kids story is great for learning about what foods to eat to keep healthy teeth and what a dentist uses for a cleaning inside his office.

2. Dental Adventure Game

. This time you drive around in an RV visiting different locations (**this can be tricky to start, but you need to click on the teeth showing, not the cities – to start they are usually over in California**) Every city offers a new mini-game, including fish throwing, alien blasting and of course drilling and filling teeth. A fun game to play and learn about teeth.

3. Sesame Street Brush Those Teeth

Brush teeth on screen using your mouse, each tooth needs to be cleaned before moving on.

4. Tooth Fairy Training Class – Play Along Story

Play along with Abby as she goes through tooth fairy training class, an interactive game

What does it take to get a bright smile?
How do I keep my bright smile?

Check out our full list of online and offline games that will teach you how to take care of your teeth and lead you to that perfect smile!
